

Smartmold

Permanent Harmonization

Treatment that reshapes your face by enhancing facial contours. Best cost-benefit ratio as there is no need for periodic returns to reapply fillers.

Why are permanent facial fillers the **ideal option** for you?

PERSONALIZED

Custom implant according to your bone anatomy.

PERMANENT

No need to reapply.

BEST COST

Maintenance-free.

BETTER HARMONY

And well-defined facial contours.

Using the **custom-made permanent implant**, designed according to your bone anatomy, the results are visible immediately, such as the harmony of facial contours (reduction of sagging and wrinkles and a greater elevation in the cheekbones) and the mandibular contour with a better defined chin.
